**Joe,**

There are some Facebook messages attached that you might want to read regarding F [REDACTED] going to Confed Bldg tomorrow. He doesn't appear to threaten anyone directly and is talking about injured workers rights. He seems to be anti-police. Also attached is a BOLO on [REDACTED] from last year 2014 saying he is going after the murders and taking people down.

Can you please have someone do a work-up on him tonight. Further we should make the Confed Bldg security aware of the situation so that they are prepared if he arrives in the am. Barry Constantine is suggesting surveillance on [REDACTED] If you wish to take that route please advise.

Ed,

Sent for your information. Maybe Protective Services already have a file on this situation. You may be able to shed some more light on this.

thanks  
jason

Jason,

Did you read this thread? I wonder if we should have SPIN have a look at this guy or at least bring to Joe Gullage's attention. Should pass along to the Chief too.

Not sure who is handling security detail for Premier's Office now but Constable C. Smith made me aware of this.

As you may have gathered or may already be aware he is assigned Facebook, Twitter, etc as a secondary duty and thus made me aware.

For your action to pass along to necessary Section...thx.

As we discussed. I have attached several pictures from [REDACTED] Facebook, as well as a screen shot of a BOLO email that Jason POWER sent out last year.

I will send out an email to BOLO in the meantime in case he is there early tomorrow morning before any plan of action has been taken.
