Please find attached some recent social media comments on twitter about Don Dunphy shooting. In the comments they identify Joe Smyth and have all posted pictures of his family. Constable Smyth is very concerned about these developments and is moving his wife and child with his in laws. He may also be making a request to be armed while at home.

I have Constable Scott Haye checking into this matter from our office and will keep you updated..

@One @CBCNL over 200 days have passed. And still no answers. Was Sgt #joeESmyth sent on vacation after shooting a man dead in his home?
