Rick,

We were contacted by CBC to confirm that a Saskatoon police officer was conducting the internal investigation into the April 5, 2015 police involved shooting. We have confirmed this and I have copied the link to the story. We are also confirming for CNC and the local newspaper that the request to your Chief was made on April 16. Other than that we are not making any comment for two reasons:

1. The RCMP investigation is still active; and
2. This is an internal matter.

We have been asked about the scope of the investigation, but as stated we will not be commenting.
